## ABOUT US

An active and vibrant alumni forum is an asset for any Institute as well as for the Alumni fraternity and the students. As for our AlmaMater the Alumni body was 'RECCAA' - a forum confined to the institute without much connect with the Alumni fraternity and not able to contribute to the Alma mater, the way it was supposed to. Over time institutions transform and our alma mater also transformed from 'REC' to 'NIT' while the alumni forum remained as 'RECCAA' disconnected from the regional chapters. At the same time there existed another forum 'World NITCAA Council' which was supposed to be the apex body of the alumni regional chapters, again just a concept formed by the regional chapters to organise the World NITCAA Meet once every two years. The issue was that RECCAA had the legal standing but with practically no connect with the regional Chapters and the World NITCAA Council, which did not have any legal structure but was well connected with the regional chapters.

It was during WNM 2016 at Goa at the interactive session that this scenario was taken up for serious deliberation and the seed was sown for a unified strong Alumni Body. The input from the then NITC Director Dr Sivaji Chakravorty, advocating the need for a strong alumni body which can contribute to the alma mater and the alumni fraternity, needs a special mention. Thus, the unanimous decision was taken to do away with dual forums and establish one single strong entity. The road map and the responsibilities were set and the deadline was to have the unified strong alumni body by WNM 2018 @ Calicut. The task was set out for the WNM2018 organising team from the Calicut Chapter to formulate the new entity. This called for a change in the constitution of RECCAA with a greater role for the regional chapters and a forum driven by the Chapters.
